Please use the examples provided below when uploading required documentation for a permit application that requires a review by Growth Management. Requirements are based on the project's scope and details of work, not <u>ALL</u> documents may be required.

Note: If you must rename a file that contains a digital signature, please right-click on the file while viewing in a folder, and select "Rename", do <u>NOT</u> "Save as" and rename as this will jeopardize the verified signature. Also, if you must re-submit a document, please use the original file name that was used initially for upload and submission. If the document is a revision, type "Revision" into the "Description" field on the uploads page of the permit portal.
