## ENGAGING PRIORITY TARGET AUDIENCES

Within the framework allowed under State procurement laws, FSU will work with the City to identify opportunities to encourage women and minority owned businesses to apply for construction opportunities and to examine procurement standards to identify ways to encourage and promote diversity in project teams.

FSU will work together with the City to identify university-related employment opportunities for TEMPO participants. TEMPO, a nationally recognized program, provides a path for disconnected youth ages 16-24 to connect with essential services.

FSU will work with the City to create opportunities for young people, and particularly underprivileged youth in our community, to experience the university setting and ignite a passion to pursue higher education.
